

Draft Dimensioned Drawing Assets

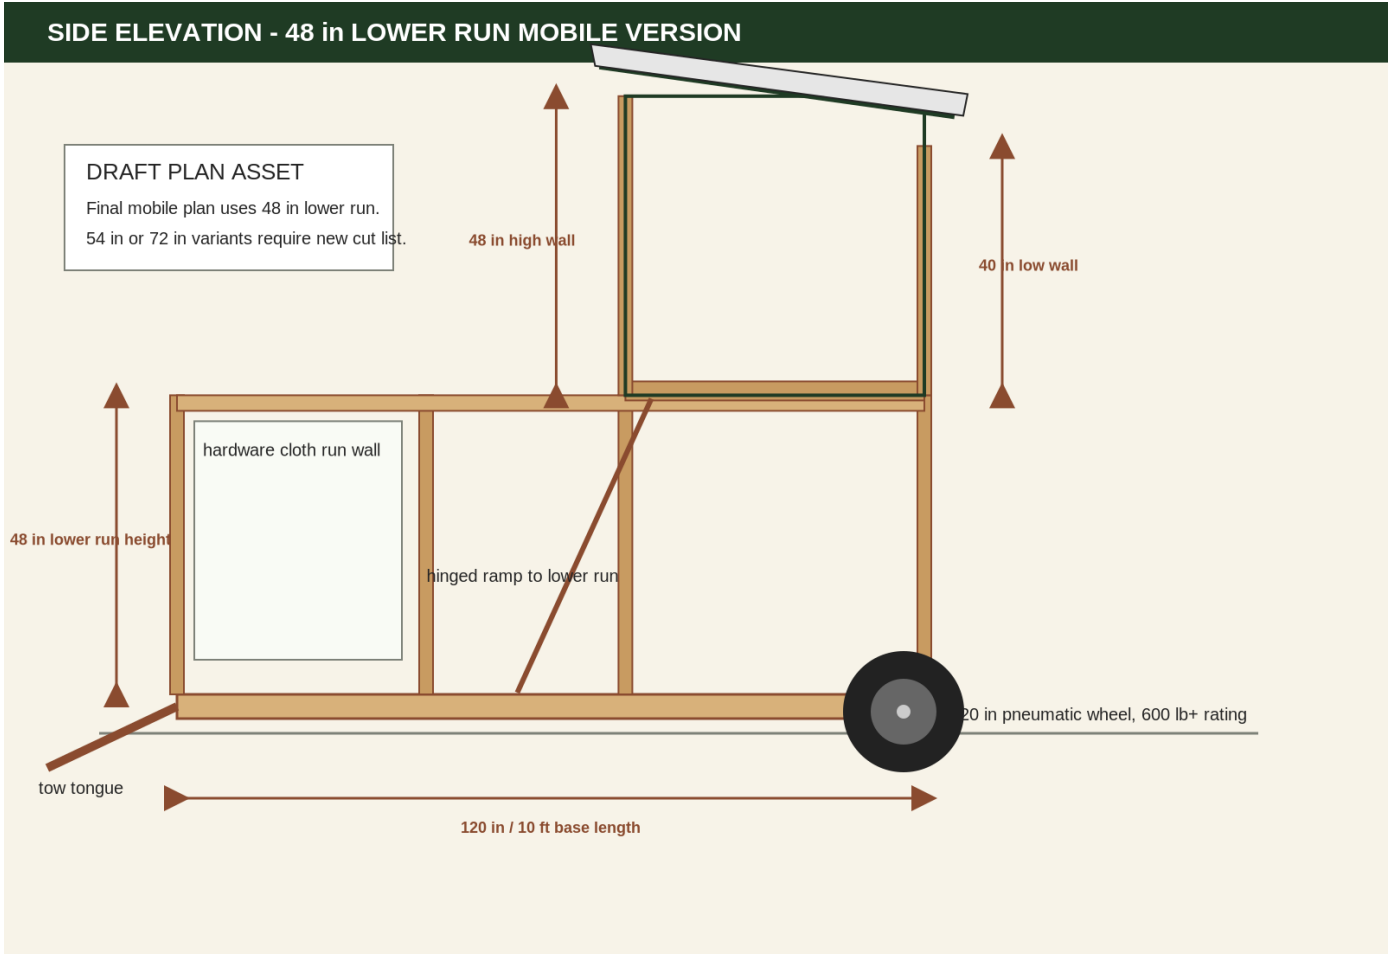

These are first real plan assets for the chicken coop product. They are suitable for internal planning and listing-draft development, but should be polished or replaced with CAD/SketchUp views before Etsy publication.

Dimensioned Top View

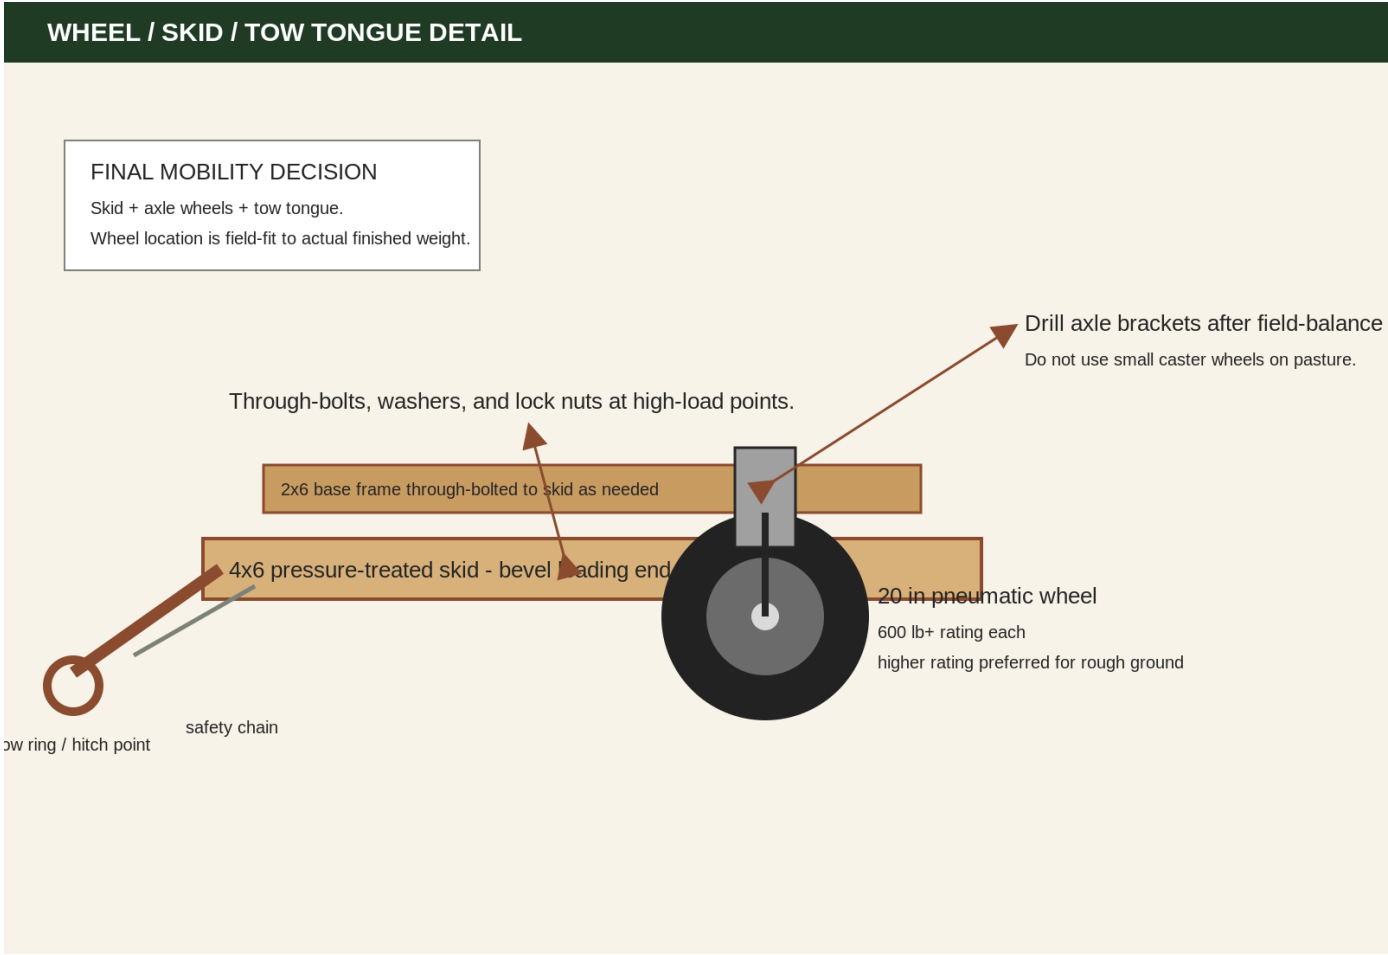

Status: Draft asset created. Use this as a proof-of-plan placeholder, then replace with final CAD/prototype asset before publication.

Side Elevation 48In Run

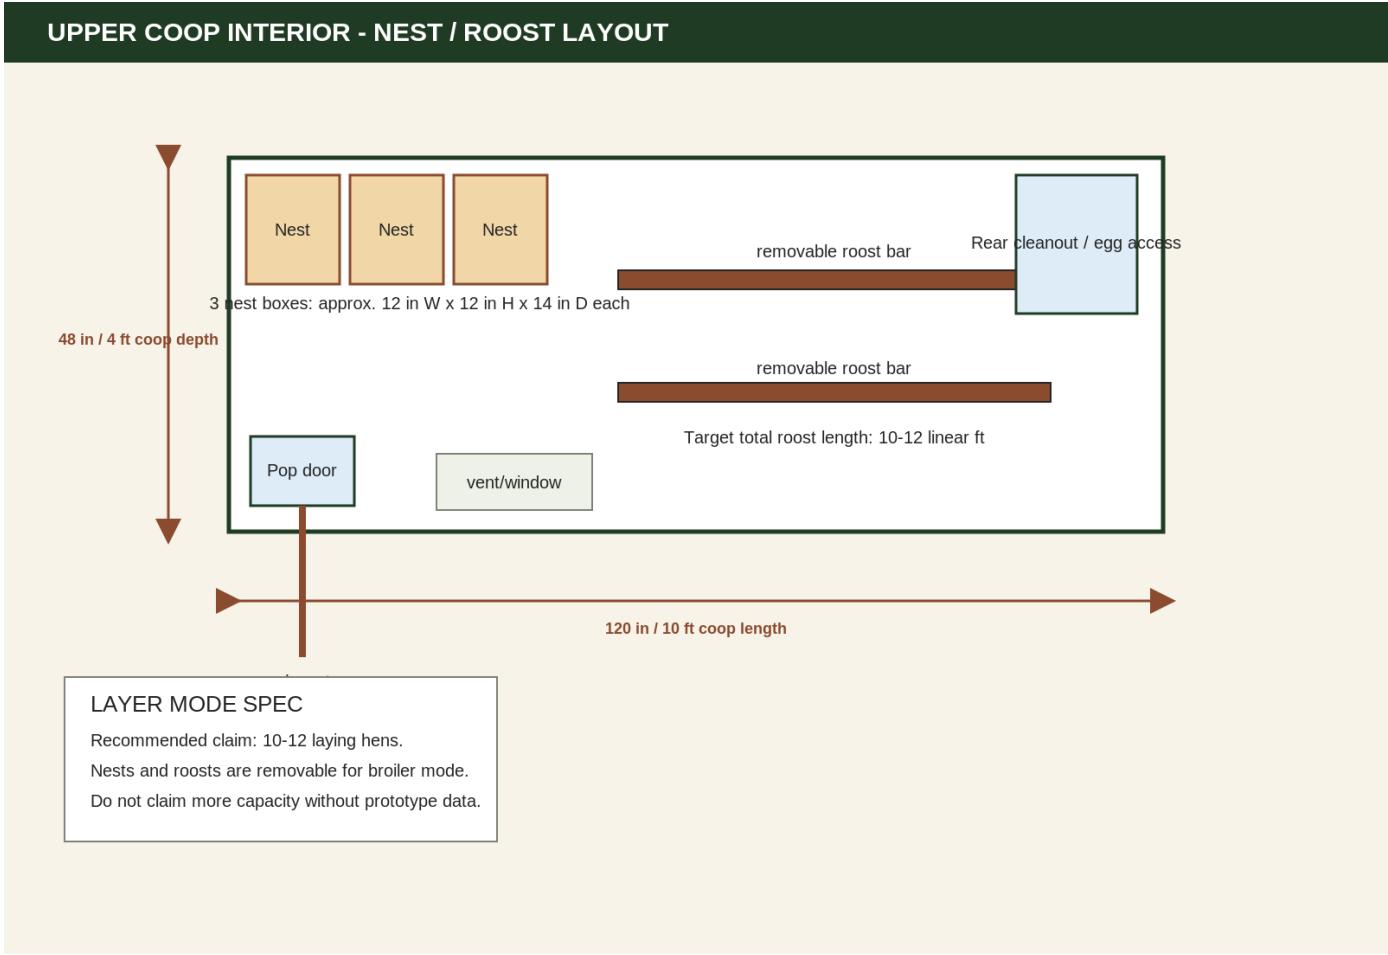

Status: Draft asset created. Use this as a proof-of-plan placeholder, then replace with final CAD/prototype asset before publication.

Wheel Skid Tow Tongue Detail

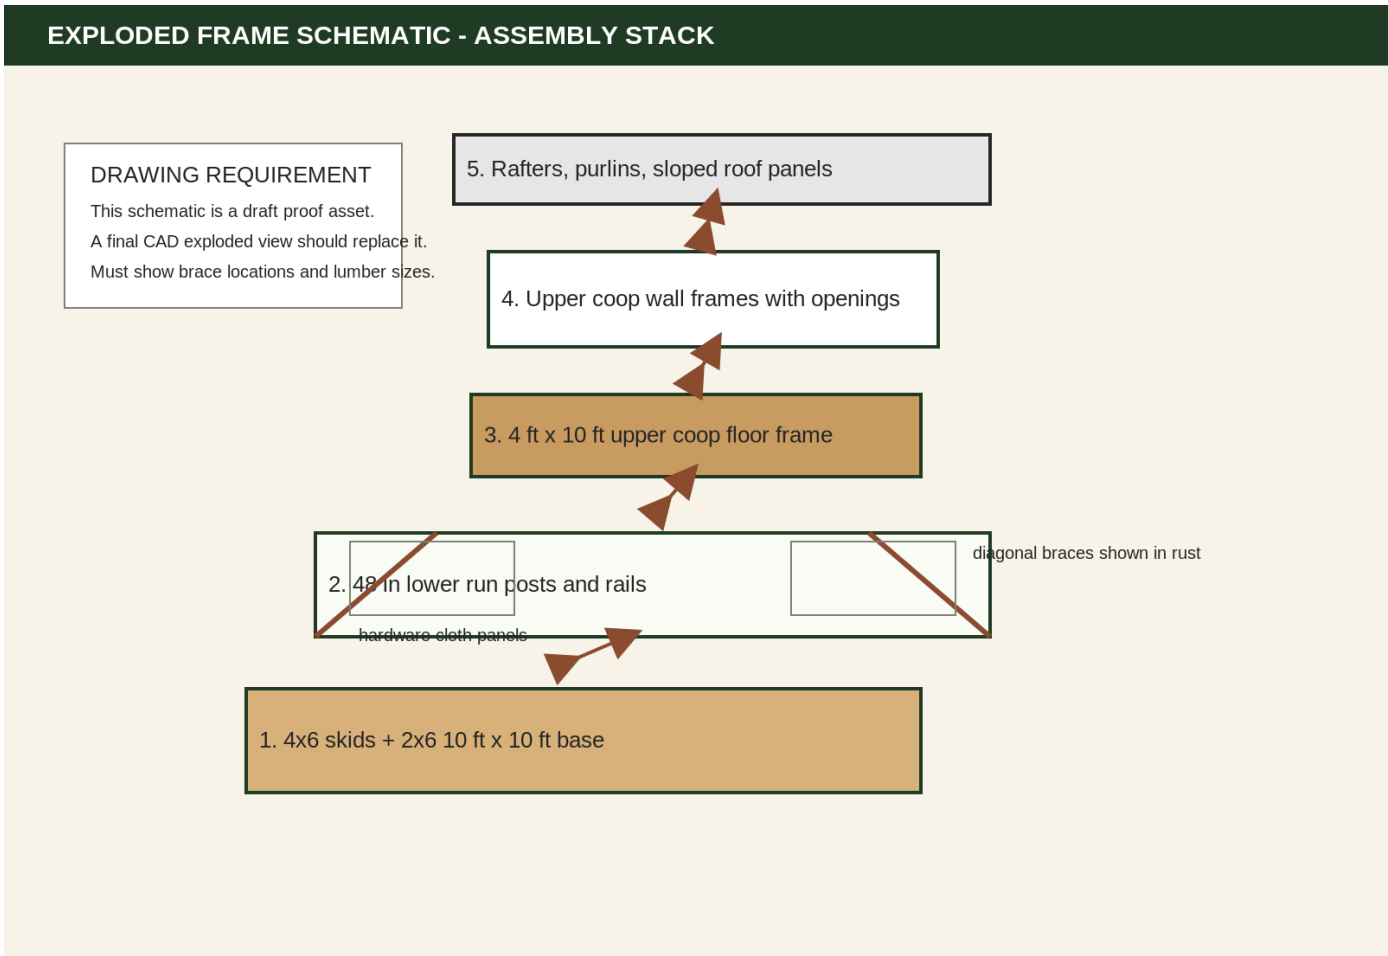

Status: Draft asset created. Use this as a proof-of-plan placeholder, then replace with final CAD/prototype asset before publication.

Nest Roost Layout

Status: Draft asset created. Use this as a proof-of-plan placeholder, then replace with final CAD/prototype asset before publication.

Exploded Frame Schematic

Status: Draft asset created. Use this as a proof-of-plan placeholder, then replace with final CAD/prototype asset before publication.
